

Please Help Fund The Heating Project

The 60 year old steel pipes that heat our Church are breaking! St. Mary's has to embark on a \$155,000 project to replace the pipes so that we can continue to have heat in the Church. St. Mary's will have to take out a loan for this project.

There are two ways you can choose to make a financial donation. To make an initial donation, please fill out and return the form at the bottom of this flyer. Starting in April, a second collection will be taken on the third Sunday of each month to offset the monthly loan cost.

The current heating system was in place before many of us were born or even became members of the church. Now it is our turn to update the pipes so that we, and our children, and our children's children, can continue to worship in the warmth of our Church as well as the warmth of the Spirit.

Thank you for any help you can give!

St. Mary's Heating Project

Name: _____

Amount of Donation: _____

(Please make checks payable to "St. Mary Church"

and place in the Sunday Collection or return to the Parish Office)
